
Application Submission System & Interface for Submission Tracking (ASSIST) Version 2.15 Release Notes

New Features

Fellowships (Fs) for Single Projects Supported in ASSIST

Applicants can now use ASSIST to submit single-project applications for Fellowships (F type). Refer to the [Target Timeline for Single-Project ASSIST Support](#) for the complete schedule of supported activity codes.

Diversity Administrative Supplements Require Senior/Key Person Credentials

When submitting Diversity Administrative Supplement (Type 3) applications, all Senior/Key Persons are required to have valid eRA Commons credentials.

Failing to provide valid credentials will result in the following error message: *The eRA Commons Username <Credential> provided for <First and Last Name> is not a recognized eRA Commons Account.*

This error will result in the application being rejected for further consideration.
