# NIH eRA Commons Release Notes Version 2.8.3.2

## General Enhancements

### Performance

This release of Commons will implement several performance changes for the **Status** page, **Internet Assisted Review (IAR)**, and **eSNAP** modules. Version 2.8.3.2 will also correct several defects, incorporate new sort capabilities and standardized reference links, and will add new display items to the **Status** page.

### NLM Webservices

The “Webservices” for the National Library of Medicine (NLM) is now active, where the expected response time to access data should show a great improvement.

This service is a feature that links PI-submitted publications [recorded in the PI’s **Personal Profile**] with the eSNAP. As a result, the PI does not have to manually key in these publications on the eSNAP.

### Commons Logo

The Commons logo has been redesigned. The new logo features an addition of the phrase “Sponsored by National Institutes of Health” as well as modifications in design. The new logo accommodates Operating Divisions (OPDIVs) who have begun utilizing the Commons portal.

Figure 1: eRA Commons Logo

## eRA Partners

A new menu item has been added to the eRA Commons. This menu item is a link is to a newly designed page for “eRA Partners.”

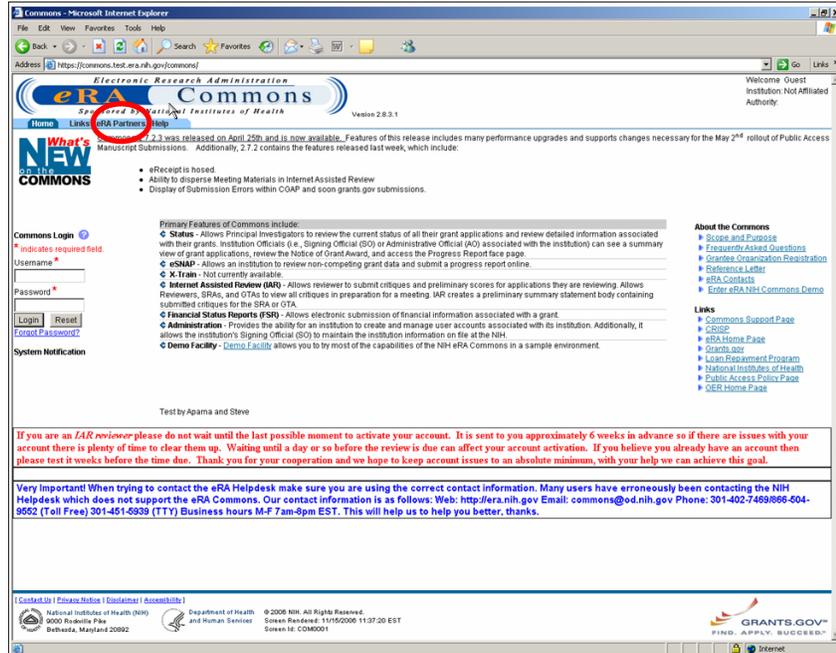

Figure 2: eRA Partners Link (COM0001)

## Usernames/Passwords

### Restricted Special Characters

The following special characters may not be used in usernames any longer:

– @ \_

### Password Changes

Upon changing a password, the user will be taken to the **Personal Information** page of their **Personal Profile** so that they may verify and [if necessary] update personal information.

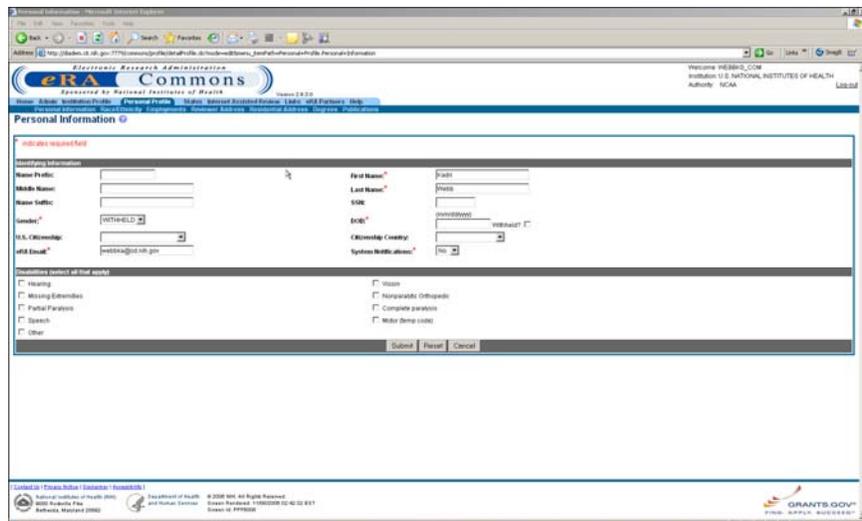

Figure 3: Personal Information Page (PPF6008)

## Password Instruction E-Mails

When you change your password, you will receive an e-mail that references the instructions on the **Change Password** page.

## Registrations

### Duplicate DUNS

The “Dup DUNS” column on the **Process Registrations** page has been moved to the left of the “E-mail Verified” column.”

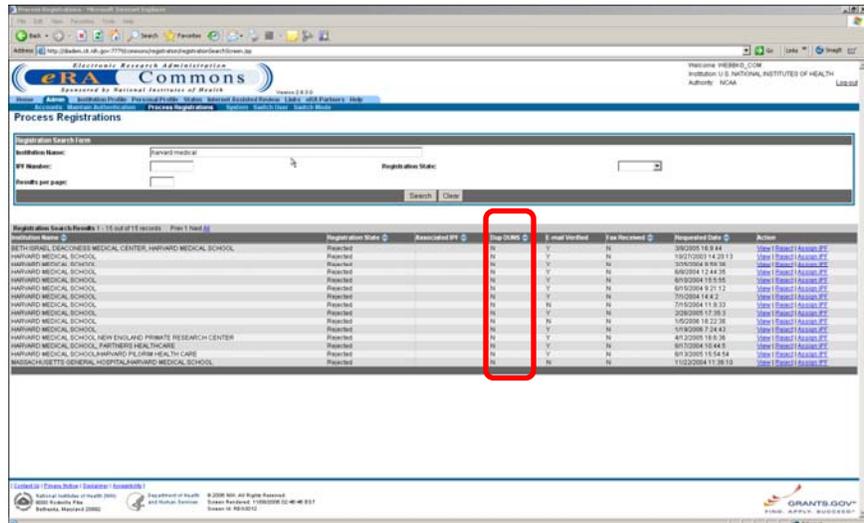

Figure 4: Process Registrations Page (REG3012)

**NOTE:** This screen is available to internal NIH and Operating Division (OPDIV) users only.

### Just in Time (JIT)

Just in Time links will no longer display for applications that have been withdrawn.

### Grant Status Detail

The Study Section and Council Meeting locations have been removed from the **Status Information** screen.

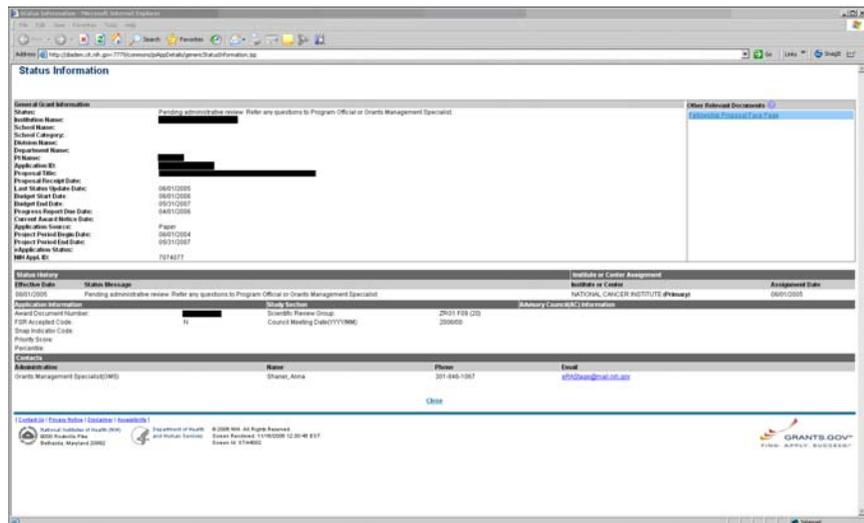

Figure 5: Status Information Page (STA4002)

## Scientific Review Group

“Initial Review Group” has been changed to read “Scientific Review Group” on the **Status Information** page.

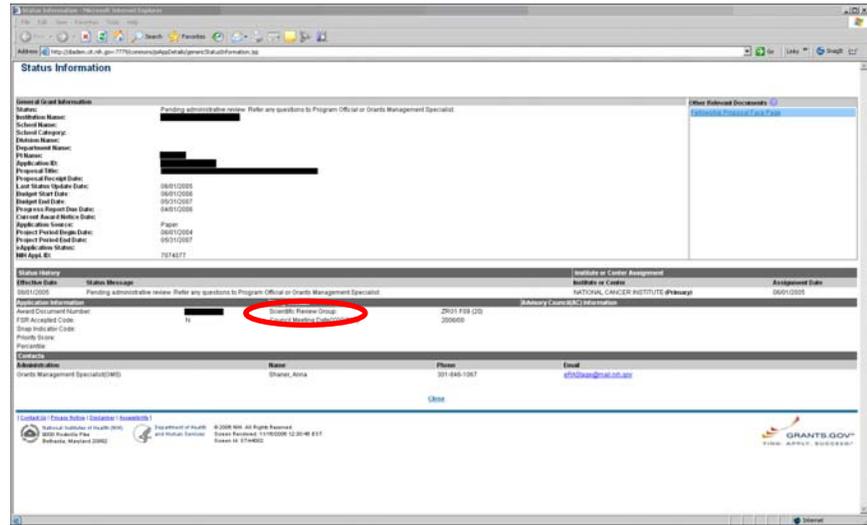

Figure 6: Status Information Page (STA4002)

## Fellowship Link

The **Fellowship** link in the Action column on the **Status Result-PI Status** page has been edited to read **Fellowship Face Page**.

## Internet Assisted Review (IAR)

### E-Mail Invitation

The subject line for all four IAR e-mails has changed and will read as follows:  
 eRA Commons: IAR Reviewer Invitation for meeting <Meeting Identifiers> -  
 <Meeting Title>

## Sample E-Mail Templates

SRAs/GTAs may view sample e-mail templates that are sent when inviting reviewers to meetings by clicking [View Sample Emails](#) in the **Control Center**.

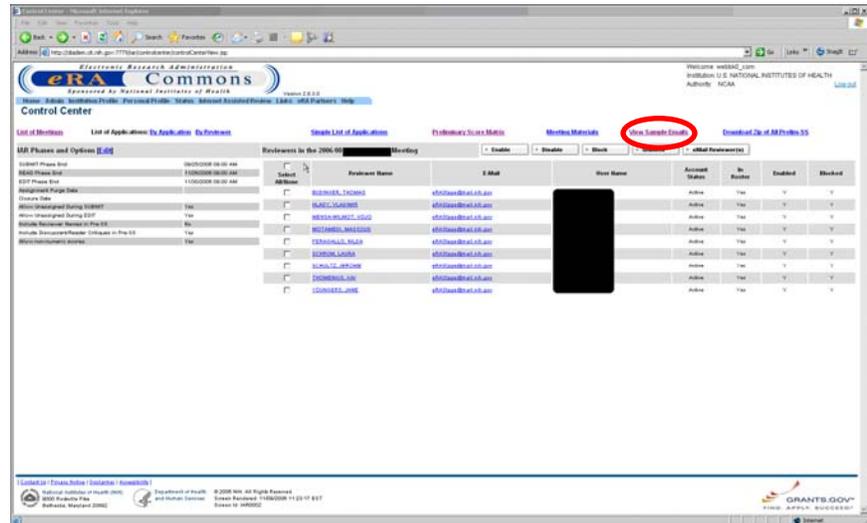

Figure 16: Control Center (IAR0002)

Sample e-mail text will then be displayed.

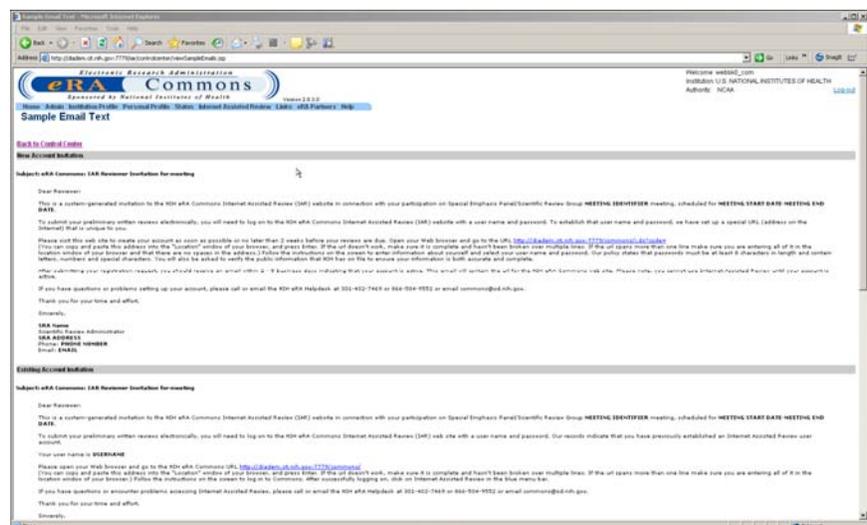

Figure 17: Sample Email Text

**NOTE:** This screen is available to internal NIH and Operating Division (OPDIV) users only.

## Control Center

The Action column on the **List of Meetings** page has been enhanced to include the following new **Control Center** links:

1. List of Applications by Application
2. List of Applications by Reviewer
3. Simple List of Applications
4. Preliminary Score Matrix
5. Meeting Materials
6. View Sample E-Mails
7. Download Zip of all Pre-SSs

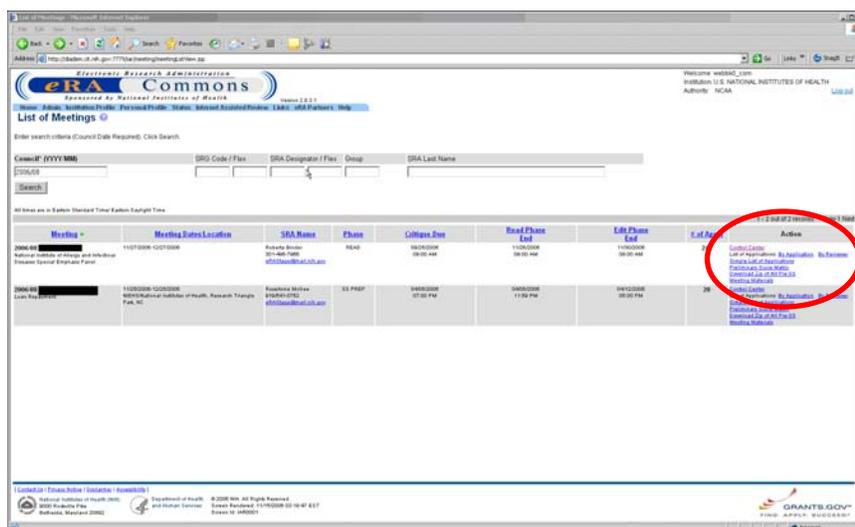

Figure 18: List of Meetings Page (IAR0001)

### NOTES:

- The [List of Applications By Application | By Reviewer](#), [View Simple List of Applications](#), and [View Score Matrix](#) links are only available if the phase dates for the meeting are set.
- The [Download Zip of All Prelim SS](#) link is only available if there is at least one preliminary summary statement for at least one application in the meeting.
- This screen is available to internal NIH and Operating Division (OPDIV) users only.

The **Full Featured List of Applications** may be viewed [By Application](#) or [By Reviewer](#).

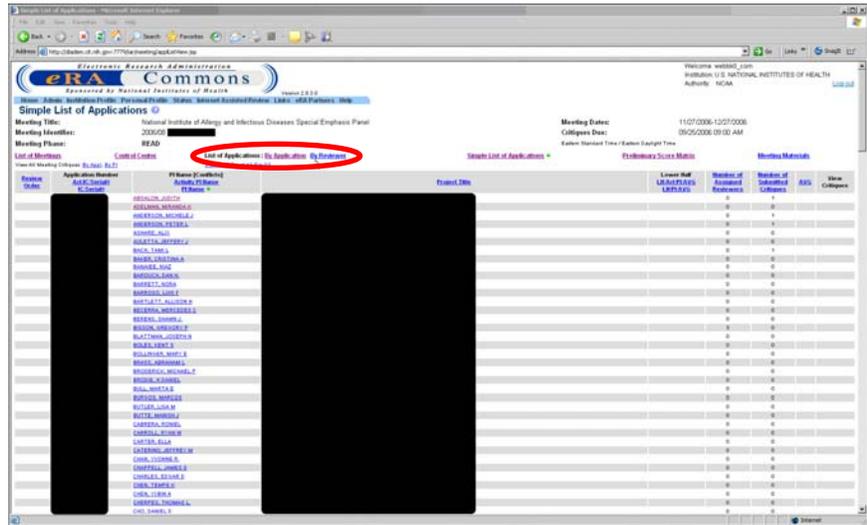

Figure 21: Click [By Application](#) or [By Reviewer](#) to view a **Full Featured List of Applications** (IAR0007).

A link to the **Simple List of Applications** has been added to the **Control Center**, **Full Featured List of Applications**, and **List of Meetings**.

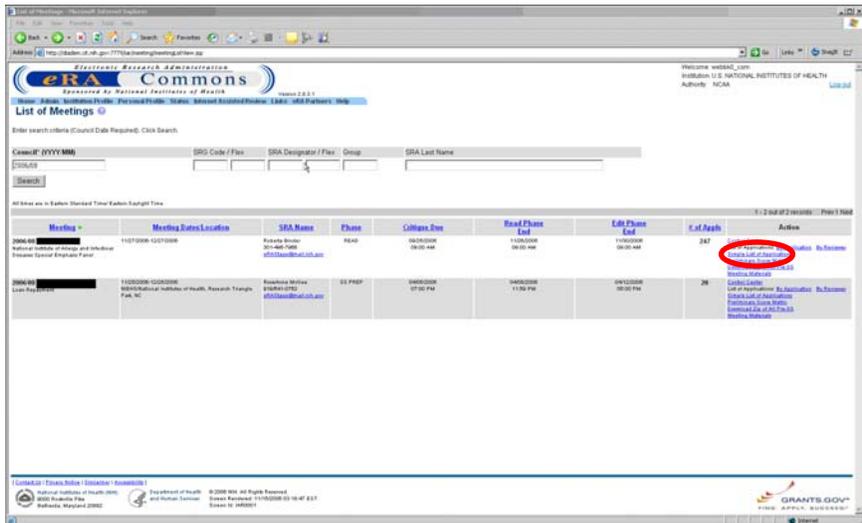

Figure 24: List of Meetings Page (IAR0001)

**NOTE:** The **Simple List of Applications** is only available to SRAs/GTAs.

## Full Featured List of Applications

On the **Score Matrix** and **List of Applications** pages, you may click on the PI's name to view a **Full Featured List of Applications** for the application record that was clicked on.

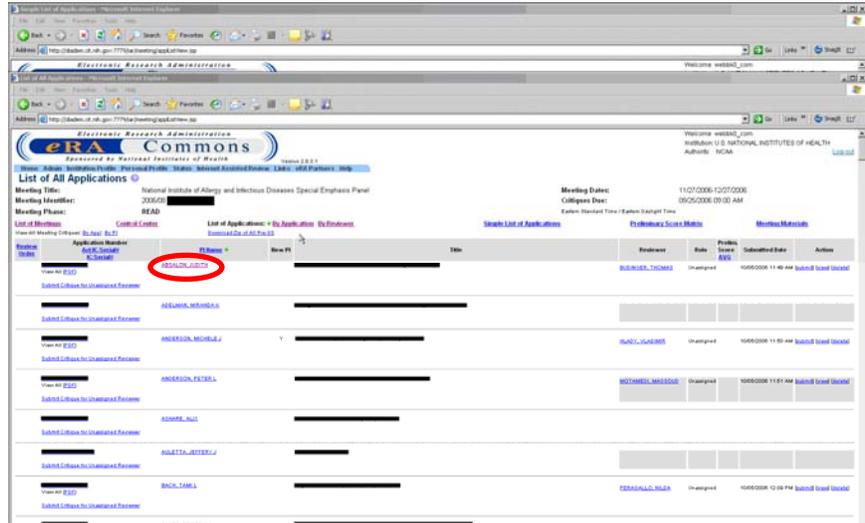

Figure 25: List of All Applications Page (IAR0007)

**NOTE:** This screen is available to internal NIH and Operating Division (OPDIV) users only.

## Reviewer Critiques

You no longer have to navigate to the **List of Applications (By Reviewer)** in order to view a list of submitted critiques for one reviewer. By clicking on a reviewer's name in the **Control Center**, you will be able to view all applications assigned to that reviewer and applications for which the reviewer has submitted unassigned critiques. The same functionality is also available by clicking the reviewer's name on the **Full Featured List of Applications** screen.

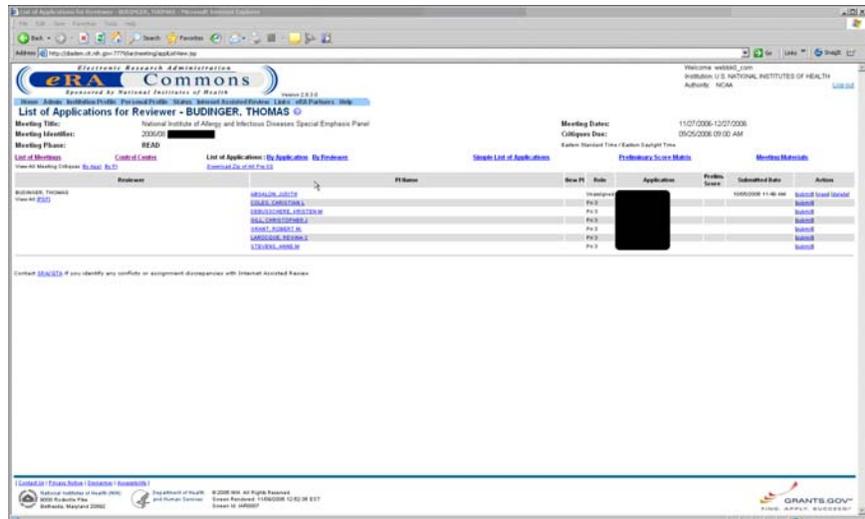

Figure 26: List of Applications for Reviewer (IAR0007)

**NOTE:** This screen is available to internal NIH and Operating Division (OPDIV) users only.

## Unassigned Reviewers

Once an SRA/GTA submits a critique for an unassigned reviewer, the list of reviewers will no longer display the reviewer who has already submitted the unassigned critique; as resubmission of the critique may now be done via the regular [Submit](#) link which appears on the **List of Applications** screen.

## Blocked Reviewers

If you are a discussant on an application, you will be able to see the scores of other reviewers even if you did not submit your own critique/score and are designated as blocked. The concept of blocking is no longer applicable to discussants/readers.

## Preliminary Score Matrix

A heading has been added to the Preliminary Scores column to specify that scores are from worst to best (left to right).

The screenshot shows a web browser window displaying the 'View Score Matrix' page for a meeting. The page header includes the National Institutes of Health logo and navigation links. The main content area shows meeting details and a table of reviewers with their scores. A red circle highlights the 'PRELIMINARY SCORES' column header.

Review Order	Application Number Act/IC/Serial# IC/Serial#	PI Name [Conflicts] Activity/PI Name PI Name	Lower Half LH/Act/PI/AVG LH/PI/AVG	Significant Differences in Scoring	AVG	PRELIMINARY SCORES

## Default List of Meetings

On the SRA's default **List of Meetings**, meetings will not be displayed if there is no start date **AND** the Submit Phase end date is not set **AND** Council Data of the meeting is more than 3 months in the past.

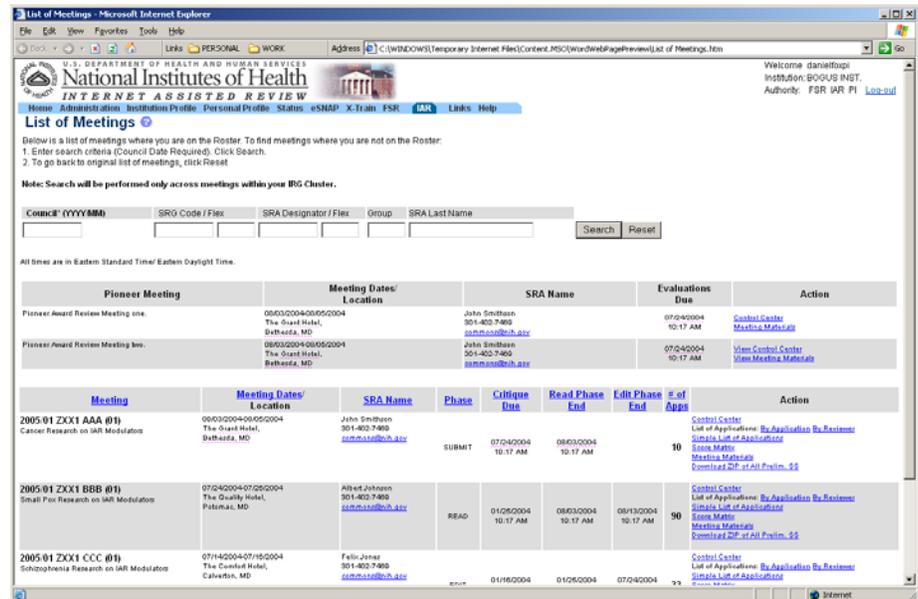

Figure 30: List of Meetings Page (IAR0001)

## List of Meetings

For SRAs/GTAs, the **Search** and **Reset** buttons have been moved under the query field on the **List of Meetings** screen.

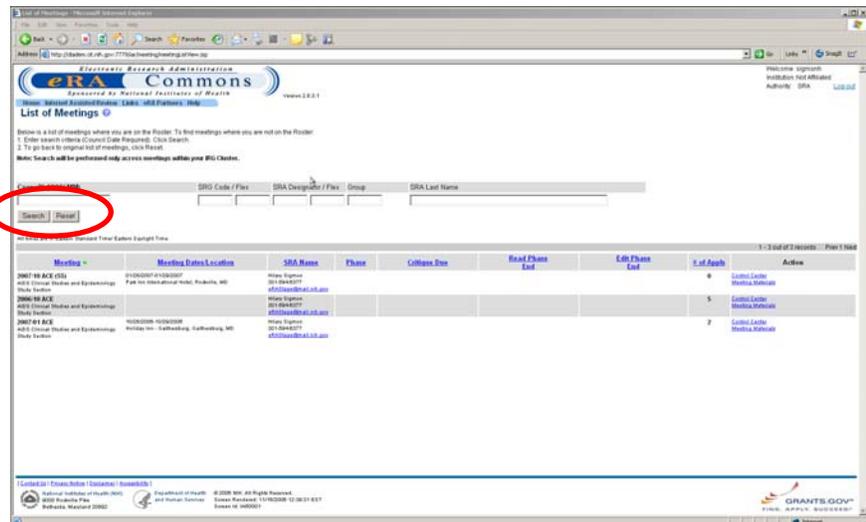

Figure 31: List of Meetings Page (IAR0001)

**NOTE:** The search feature on this screen is available to internal NIH and Operating Division (OPDIV) users only.

## Subproject Grant Applications

When you click on the grant number for a subproject grant application you will be taken to the grant image of the parent application.

# Financial Status Reports (FSR)

## Foreign Institutions

A new checkbox has been created on the FSR Search screen for selecting foreign grants. This checkbox grants the Office of Financial Management (OFM) the ability to generate CAS transactions for these foreign FSRs.

The Foreign checkbox for foreign institutions is available to all users of the FSR system regardless of role.

**NOTE:** This screen is available to internal NIH and Operating Division (OPDIV) users only.

## eSNAP

### Editable Fields

The character limit for all editable institution/organization fields has been increased to 120 characters. Currently, this only affects the Name field.

## Final Progress Reports

### E-Mail

The following changes have been made to the e-mail that is sent when a Final Progress Report is submitted:

1. The Program Official (PO) for the grant has been added to the recipient list.
2. Throughout the body of the e-mail, “NIH Commons” has been changed to read “eRA Commons” due to Operating Divisions’ (OPDIV) integration.
