

Do I Have The Right Forms For My Application?

We are required to update our application forms from time to time to implement new regulations and requirements. When substantial changes are made in our applications, all applicants must use the same forms and instructions (referred to as an application package) to ensure a fair review.

How can I tell old application packages from new ones?

Each application package we post in Grants.gov has a “Competition ID”. We use this field to identify the version of forms and instructions included in the application package. Application form packages are designated alphabetically to indicate the most recent version (e.g., FORMS-D, FORMS-E). The Competition Title, which often accompanies the Competition ID, provides additional guidance to help you choose the appropriate application package (e.g., Use for due dates on or after January 25, 2018).

We’ll alert you to upcoming form changes through notices in our [NIH Guide for Grants and Contracts](#) and other channels. These notifications indicate the appropriate Competition IDs and timelines for their use.

Examples:

- NIH and AHRQ applications submitted to due dates on or after January 25, 2018 must use application packages with a Competition ID of FORMS-E.

Most of the time, FOAs have a single application package – just the one you need. During a transition to updated forms, there may be multiple application packages listed for a single FOA.

When more than one application package is available, you should typically choose the most recent one. However, exceptions do exist. For example, if you are applying [late](#) or under our [continuous submission](#) policy and the older version was used for the intended due date, then you may need to select the earlier application package.

Where will I see the Competition ID when preparing my application?

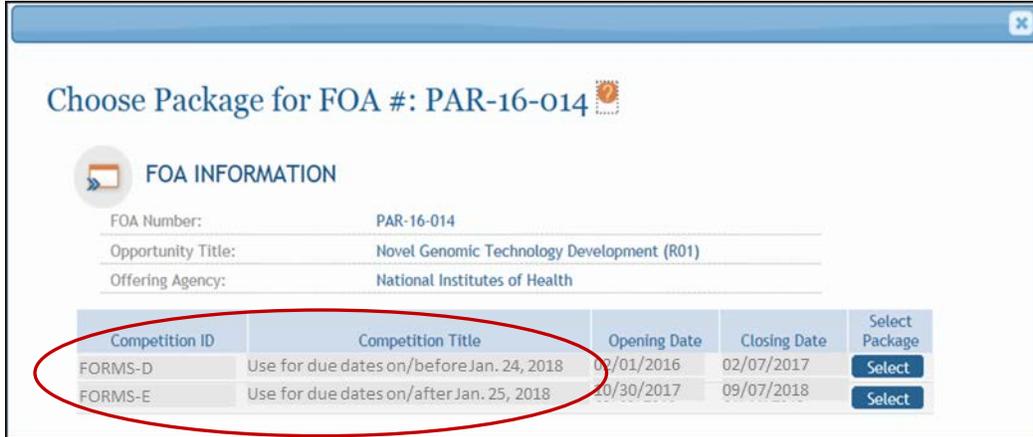

The Competition ID is visible in different places depending on your submission method:

- ASSIST
- Grants.gov downloadable forms
- Grants.gov workspace
- System-to-system solutions

READ BELOW BEFORE YOU APPLY FOR THIS GRANT!
Before you can view and complete an application package, you MUST have Adobe Reader installed. Packages are posted in Adobe Reader format. You may receive a validation error using incompatible versions of Adobe Reader. To prevent a validation error, it is now recommended you uninstall any earlier versions of Adobe Reader and install the latest compatible version of Adobe Reader. If more than one person is working on the application package, ALL applicants must be using the same software version. Click for more information on Adobe Reader Compatibility.

Where will I see the Competition ID in my submitted application image?

The Competition ID is not visible in the application image we assemble after you submit since it is not actually part of the forms or data.

However, once your application moves forward to NIH staff for further processing (after the two-day viewing window), we automatically generate an application summary page and prepend it to your application image. The Competition ID is available on that summary page.
